

6th Street Playhouse offers two types of need-based scholarships to families for whom program tuition is a hardship. The fund is meant to assist families with low annual household incomes. If your family qualifies for free or reduced-price school lunches, WIC, CalFresh, CalWORKs, or other income-based services, you automatically qualify for scholarship consideration. We may ask for proof of enrollment in one of these programs. All Scholarship recipients are required to submit a one-page typed letter to 6th Street Playhouse at the conclusion of the program, describing how they and/or their family were able to benefit from their participation with School of Drama. This letter may be used by the fundraising or marketing departments to promote 6th Street Playhouse, School of Drama Scholarship Program or solicit donations to support the program. You may request to remain anonymous if materials from your report are quoted. **Fill out this form and submit *with* completed enrollment form.**

Please indicate which scholarship you are applying for by marking one of the two boxes below:

Work/Trade Scholarship **Full** **Partial:** Work-Trade Scholarships allow anyone for whom tuition would be a financial burden to “earn” their tuition by working for 6th Street Playhouse in a voluntary capacity for an agreed upon number of hours.

Non-Work/Trade Scholarship **Full** **Partial:** Non-Work Scholarships are available only to applicants with very limited financial resources or special circumstances.
