The Circles of Support

A Unique Opportunity To Sustain Your Playhouse

As 6th Street Playhouse celebrates its 12th Anniversary Season, a unique opportunity continues to exist to stabilize and sustain the company into the future. Two years ago 6th Street Playhouse created a new category of giving by individuals, families and groups that offered donors and supporters a chance to make a huge difference in The Playhouse's future and be recognized in a way that will never be forgotten. We wish to thank those dozens of donors who joined as Founders two years ago.

The Landmark and Legacy Circles

You may already be a donor to The Playhouse. We are not asking for additional donations. We are simply asking that you pledge to continue to donate the same way this year and for 4 more years, for a total of 5 years. The Circles Program asks for multi-year, structured pledges, called The Landmark and Legacy Circles. This is a rare opportunity to make a huge difference in the future of one of the North Bay's longest-running and most important theatres. The **Landmark Circle** recognizes donors who make 5-year annual commitments in the \$1000-4999 range. The **Legacy Circle** recognizes annual commitments in the range of \$5000 and up. Both circles will comprise those donors who wish to demonstrate a lasting commitment to the stability and sustainability of this unique arts organization in our 12th Anniversary Year. Other great important theatres around the U.S. have received this kind of unique and important support and 6th Street Playhouse knows that in order to join the nation's sustaining theatre companies this kind of commitment and support is required.

For this truly remarkable generosity, 6th Street Playhouse will recognize this group of extraordinary donors in all of our materials, including all programs, our website, in our lobby, and on organizational materials as Members of the Landmark and Legacy Circles. The recognition is simply our way of saying "Thank You" to those who participate in this great opportunity to stabilize and sustain us into the future and to recognize them in a special way. If you join one of these Circles your generosity will be a **landmark** moment and will establish a **legacy** for the community and will set the bar for all charitable giving to follow. In addition to this recognition, Circle members will receive special privileges such as behind-the-scenes tours and 2 additional tickets to any show of the season (space available) and priority invitations and seating for all upcoming special events at 6th Street.

Whether as an individual, a family, or a special group, please join us as a Landmark or Legacy Circle member. The impact is immense. Help put 6th Street Playhouse on the regional map as an important center of theatre excellence.
